**Regarding Minnesota Medicare Supplement Policies - OBRA Compliance**

As part of the requirements for conformity with OBRA, the Health Care Finance Administration (HCFA) has requested that a revised bulletin be issued to all insurers in Minnesota who are offering Medicare Supplement policies, as well as any insurers that might otherwise be affected by the provisions of Minnesota Law and the OBRA requirements.

Item 6 in Bulletin 92-3 is amended, by removing the sentence that was in parentheses. A copy of all Medicare Supplement advertisements must be submitted to this Department.
